November 2011

The name of our group is **Friends of God** (“**FOG**”). We currently have 11 members (5 couples and 1 single). We meet weekly, usually on Friday afternoons. Friends of God was formed in 1998 with three couples as a study/discussion/fellowship group.

Our meetings are usually held in members' homes where the hosts select the content and lead the meetings. We are always open to visitors, inviting them to 'come and see'. When they do, many decide to join us. We place a high priority on regular participation by all members.

We study various books, videos, tapes and scriptural readings as we choose. Also, discussion of the gospel reading for the upcoming Sunday helps to increase our appreciation of its message.

For ministry projects we assist various charities such as baking cookies for the prison ministry, supporting parish programs, or conducting a Seder dinner on Passover.

As an extended family, we share our lives with each other, celebrating milestones and helping to carry one another's burdens. Our meeting format includes fellowship/refreshment time when we share our personal issues.

Our understanding of SCC has grown over the years to include the essential elements of Worship, Fellowship, Discipleship, Ministry, and Evangelism.
